Most cases of Australian visas would fall on the 4 aforementioned Status we described.

Nevertheless, the Australian Immigration Authority MAY require different exams and tests. For those cases, we state below the Individual prices:

CONSULTATION Ages 0 to 14: 125€

CONSULTATION Ages 15 and above: 180€

TB QUANTIFERON GOLD: 175€.

HEPATITIS B AND C: 40€.

HIV: 20€.

CREATININE AND EGFR: 30€.

X-RAY: 90€.

Test for HIV Cases:

Permanent visa applicants aged 15 years or older *Yes*

Non-migrating relatives of Permanent visa applicants, aged 15 years or older, if requested by the visa officer to undertake medicals *Yes*

Children who have been, or are to be, adopted by Australian citizens or permanent residents *Yes*

Unaccompanied Minor Refugee Children *Yes*

Children aged 14 years of age and younger with clinical suspicion for HIV infection, or have a history of blood transfusions or haemophilia, or if the mother is HIV-seropositive. *Yes*

Temporary Entry Applicants with clinical signs of AIDS *Yes*

All applicants who intend to work as, or study to be a physician, nurse, ambulance paramedic or dentist *Yes*

Persons known or found to be infected with Hepatitis C or HIV *Yes*

Persons where there is evidence of previous or current intravenous drug use *Yes*

Persons where active TB is diagnosed

Yes

THE MEDICAL EXAMINATION IS VALID FOR A PERIOD OF 6 MONTHS.

Public Health Risk Screening

Permanent visa holders who were granted a visa outside of Australia may be required to enter Australia before a first entry date (FED), based on the expiry date of the visa holder's health clearance.

If the visa holder has not entered Australia prior to their FED and the health clearance has expired, they may be requested to do the medical check up again.

WHEELCHAIR:

Please let us know on your call for the appointment, that you use a wheelchair so as to coordinate all the process on only one site (Radiology Clinic, Dres Sales).
